\$2000 TO ALABAMA

COUNTY AWARD ANGERS SELECTMEN

Wilmington Selectmen were fired, Monday night, to learn that the Middlesex County Commissioners had awarded the sum of \$2,000 to Drs Curtis H. and Charlotte Ward, formerly of Federal Street, and now residents of Alabama.

The two physicists, who were employed by Avco for about a year and then returned to their home state of Alabama, owned for a while the former Frank Stevens home, (before that the home of the Grossmann family) on Federal Street.

Mr Stevens, according to Selectman Mrs Wavie Drew, who led the discussion, had stated that he wanted no damages for

any land taken from him as a result of the improvement of Federal Street under a Chapter 90 Program completed last year.

Other residents did not get damages, and Mrs Drew considered the damages done to the Ward estate as negligible.

The Ward family, when they returned to Alabama, sold the property to Norman B. Pedersen another physicist, who came here from Reading.

Mrs Drew commented that the County Commissioners had 'lots of nerve' and 'they should be ashamed of themselves.'

Chairman John Brooks, who took part in the Conversation stated that he believed it would have been better if the County had let one of the town attorneys do the negotiating.

NO OFF-LOT PARKING FOR CAR SALES

New and used cars cannot be sold in Wilmington if the cars are parked in lots not adjacent to the sales room of the firms involved, Philip Buzzell Town Counsel of Wilmington has told the Wilmington Planning Board.

A letter signed by Mr Buzzell was read in the Tuesday night meeting. It was in answer to a

letter written by Atty Jim Banda, board member, last July when the board decided that they would get no answer to a request of a year ago to the Selectmen, from Mr. Buzzell.

Mr. Buzzell's opinion read that it is 'clearly stated' that the car lot for parking for 'new or used cars' 'must be adjacent to the salesroom'.

TM HINTS OF SEWER EXTENSIONS

Town Manager Cecil Lancaster, Monday night, told the Board of Selectmen that as soon as Harold Melzar, Chairman of the Board of Water & Sewer Commissioners had returned from his vacation he wanted a joint meeting of the Selectmen and Sewer Commissioners for the purpose of discussing proposals to extend the town's sewer.

Lancaster's proposals were for the year 1963, and he told the Selectmen that, because of rising costs, the longer the town waited the more the cost would be.

The Federal Government has a sum of money, for the extension of trunk lines, Lancaster said, and Wilmington may be able to get enough to pay for 30% of any trunk line it may

lay next year, but only a certain amount has been allocated to each state.

Selectman Black asked Lancaster if he had a 'Definite Program', and Lancaster replied that it was all 'Lined Up', without elaborating. Last year he is reported to have told the President of Guild Plastics that a trunk line would be in the Wilmington Square area within a few years, but Lancaster has never made any public statement as to his plans.

Mrs Wavie Drew brought up the subject of home-owners having to pay betterments for sewer lines that may pass in front of homes, and Lancaster to that replied 'That's one subject we will have to discuss'

A FEW SUBJECTS

WAVIE DREW SPEAKS UP

Mrs Wavie Drew, Selectman, freshly returned from a vacation trip to her home town in Western Canada, spoke up Monday evening to say that she found the various places through which she had traveled on her trip to have been much cleaner than Wilmington.

She spoke up against littered cases and materials she saw outside Wilmington stores, and called it a 'shame'.

She also enquired of the Town Manager as to when work on the Chapter 90 portion (upper) of Ballardvale Street would start and was told that the County

had approved of the contract, and that work would start in late August or early September.

In reply to a question about the Jesse Smith home, at the corner of Brand Avenue and Baker Street, she was told by the Town Manager that the Town Engineer was drawing up a proposal, for an easement, to be considered by the Board of Selectmen, which the Smith family was willing to consider and that the proposal would include curbstones to stop the flow of water.

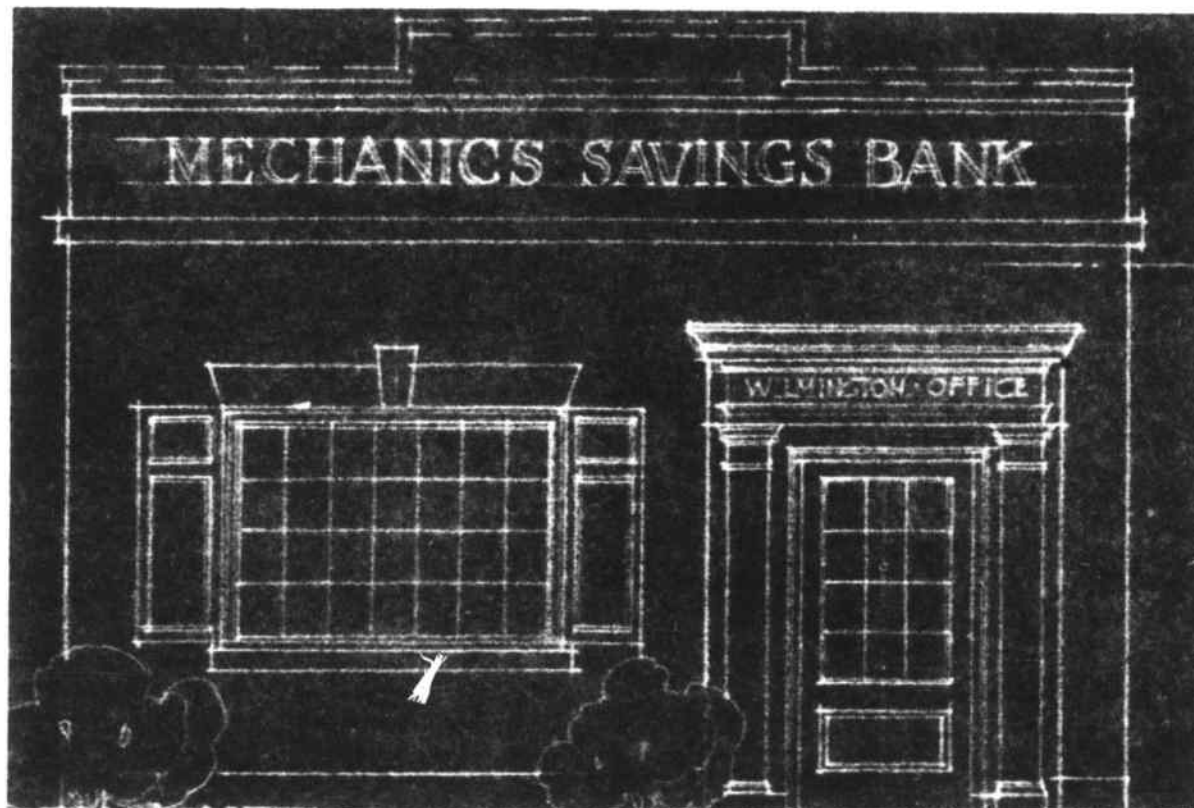

Mrs Drew then spoke up to say that the proposed gas station on Lowell Street, opposite Avco, was waiting for an answer from the Selectmen.

Mr. Fenton, of A & M Fenton Real Estate, had called her, and wanted an answer.

She didn't see any sense, she said, in making people wait for an answer.

Mr Brooks told Mrs Drew that Fenton had been told a couple of weeks ago that the Selectmen were not much in favor, but that he was waiting for a full board meeting before putting the matter to a vote.

PROPOSE TO IMPROVE MECHANICS BANK BUILDING

THE PROPOSED NEW FRONT OF MECHANICS SAVINGS BANK

President Robert Steward, of the Mechanics Savings Bank has called for public bids for the alteration and improvement of the Mechanics Savings Bank Building, in Wilmington Square according to Joseph B McMahon, local bank manager.

The alteration plan calls for a relocation of the front door

on the side of the building, and a relocation of the public space so as to include all of the south side of the building.

The present teller windows, one of the most burglar-proof in the United States, will go, Mr. McMahon has said, and in place will appear a long coun-

ter, such as is seen in most banks of the country today.

The cellar is to be altered too, so as to provide a lounge and other facilities for the employees, besides an accounting office.

The cost is estimated at \$20,000, and the bank hopes to have alterations completed by January first, of 1963.

ONLY ONE WILMINGTON PLAYER IN LOWELL ALL STAR GAME

Capt. Eddie Woods, of last year's Championship Football Team was the only Wilmington Player to appear in the Lowell All-Star game against Lawrence Tuesday night.

Rickie Froton, kick-off specialist of the Wilmington team, was unable to play because of his now professional status in baseball, and other players (such as Kevin Field) did not receive an invitation.

\$9,919.10 STATE FUNDS TO WILMINGTON

The Town of Wilmington will be the recipient of \$9,919.10 from the State Department of Public Works, for construction or reconstruction of streets within the town, it was announced last week by the State Department of Public Works.

The 'windfall' is expected to arrive shortly at the town treasurer's office.

Predicted by the Town Crier on August 2nd as 'possibly as large as \$10,000', the money is an apportionment of a \$10 million fund voted by the state Legislature during the last days of its 1962 summer

session.

State DPW Commissioner Ricciardi has stated that the money will be certified by the Controller of the Department of Public Works on or before September first.

Middlesex County topped the 14 county list released by his office, with a total of Burlington is to receive \$6,860.08, and Woburn \$33,618. The apportionment is similar to that of 1956, when the State Legislature voted \$15 millions to be distributed to the states towns and cities.

PLAYOFFS CALLED OFF

There will be no final playoffs, for the Wilmington Recreational Softball League, this year.

The last game in a tied series was due to be played Tuesday night between the Merri-Macs and Joes Subs, but was called because of rain - and no time has been found for another game that will not conflict with other schedules.

The awarding of the William Durkee Cup, for the winner, a cup given by Lee Chisholm of Andover Street, is thus in

question, with no one able to give the answer.

Last Fridays game would have been won the

been won by the Joes Subs team, and the series decided, when only eight players showed up for the Merri-Macs, but Vin Coyne, Adams Street, manager of Wilmington Ford, hobbled out, his leg in a cast from a broken ankle, and played first base, to the cheers of the spectators, but not of Joe's Subs.

FIVE CHOSEN FOR JURY DUTY

Five Wilmington residents were named for Jury Duty, in the Selectmen's meeting Monday night.

Chester La Dow of Ledgewood Road was named to serve in the Cambridge Jury Pool, starting Sept 10.

Douglas Palmer, 23 Forest St. Sidney J Bromander, 1 Hilltop Road, and Arnold C. Blake, 90 Middlesex Avenue were named to serve in the Cambridge Jury Pool starting October first.

Richard V. Barry, Longview Road, No. Wilmington, was named for the Civil Court at Lowell, starting Oct. 1.

LYNNFIELD FIRM TO PAINT VETERANS HOUSING PROJECT

The Wilmington Housing Authority, Tuesday night, voted to award a contract for the painting of the exteriors of the 13 units of the Veterans Housing on Wildwood Street to the Bond Painting Co. of Lynnfield.

Bond's bid price was \$3990, the lowest of four bids submitted.

WILMINGTON NEEDS AN HISTORICAL SOCIETY

Wilmington is almost like the proverbial mule, without pride of ancestry, or hope of posterity, - almost, but not quite.

For it is a town with some historical antecedants, and it seems today to have some hope for the future - a dim hope perhaps, but a hope.

There are things in Wilmington today which will be gone tomorrow. There are people in Wilmington today who can tell of the past, but they will be gone tomorrow.

The town, in a mild way at least, needs an historical society, composed of people who hope to record the past for posterity.

Some feeble efforts have been made towards such a goal. The late Olivia Norcross, for instance, left a small sum of money which is now on deposit in the Mechanics Savings Bank, for an historical society, if one is ever formed.

Perhaps it is futile to hope, but someday we hope to see emblazoned on the walls of some building in town the words "Wilmington Historical Society". We had such hopes if and when a new library was to be built - that the old library could so become - but it would seem that the hopes are vain, and Wilmington will still remain the mule of legend.

THOUGHTS ON REZONING

The Planning Board, Tuesday night, indulged in a little exploratory talk about industrial rezoning in Wilmington, looking at sites along Route 93, etc etc. It was not planned to be a talk leading to decisions, but rather just a passage of ideas, by one of the few groups in our town government which doesn't hold itself up to be All-Wise.

They recognized, as they had done earlier, that the town made a grievous mistake a little over a year ago, when hundreds of acres were rezoned hastily, in North Wilmington, because the Town Manager had one little industry. In that hasty rezoning the town ruined the finest residential land in town, and got nothing for its troubles but a few betterments for a few abutters to pay.

Wilmington doesn't need more industrial land unless for a special purpose, by a special industry that is willing to lay the cards on the table. It particularly does not need more land for some of the "secret" things vaguely promised by our Town Hall.

Wilmington has the finest industrial land in the Commonwealth, already zoned, waiting only for someone with imagination to get up and go.

But we don't have the imagination. Our Town Hall is filled with Ostriches.

Labor is prior to, and independent of, capital. Capital is only the fruit of labor, and could never have existed if labor had not first existed.

THE WATER COMMISSIONERS WANT TO KNOW

The water commissioners, last Thursday, had a new subject to discuss, and they didn't have much information.

It seems that the Town of Burlington Water District had an act, in the Legislature, in the past few months, an act which empowered that district to take by eminent domain, land in the Town of Wilmington.

The Water Commissioners did not know the answer, but they were worried about the loss to Wilmington of water resources. They discussed nothing about the possible loss of tax revenue, which could also be a subject for discussion, but perhaps more properly in a Selectmen's meeting.

They, the Water Commissioners, have asked their consultants, Whitman & Howard, of Boston, to find out more about this act of the Legislature. It would seem they cannot get their answer in the Town Hall.

IT IS ELDERBERRY TIME

In the last days of June when the cicada is chirping in the fields, there appears on little noticed roadside and brookside bushes small inconspicuous clusters of white blossoms. This is the elderberry plant, which, in the last week of August, bears clusters of a purple colored berry, tasty to the sparrows and chickadees, and once upon a time the source of food for the numerous bluebirds, as they prepared for their winter-flight.

The elderberry is a tasty fruit. It is of a rudimentary nature, compared to other fruits, but the New England farmboys knew where the bushes grew, and the Indians before them.

New England housewives used to make elderberry jelly, and sometimes, particularly during the years of prohibition, their husbands made elderberry wine, a wine that is today quite rare.

This is the time to pick elderberries. They still exist by the roadsides. Next week will be too late.

And, as a passing thought, has anyone ever tried to cultivate the elderberry? It would be worth someone's effort, perhaps, as the ever spreading housing developments destroy the old haunts of this little unpretentious plant.

PLANNING BOARD CHAIRMAN 'HALF WISHES'

Bob Evans, Chairman of the Planning Board, in an exploratory talk, Tuesday night in the town hall, 'half-wished' that Wilmington had 'gone along' with the Lowell in the development plans of that city. The discussion resulted as result of a remark that the Town of Tewksbury had offered a '40% writeoff in the first year' to prospective industries, a remark made by Mrs Jeanne Gifford.

Evans clarified it to say that the offer had nothing to do with local taxes, but rather the Federal government's actions for distressed labor markets, of which Lowell is one.

'If we had made love to Lowell we might have been included in the Distressed Labor Market' Evans said, and then then added: 'But I don't know, for that type of offer attracts cheap firms too --'

Lot of Rain

The hurricane Alma passed New England at a distance of several hundred miles out to sea, Tuesday night and Wednesday morning, but it dumped a total of 2.45 inches of rain on Wilmington.

1.41 inches fell during Tuesday night, to 8 am Wednesday, and up to 4 pm oast night 1.04 inches had fallen, and the rain was practically over.

Accidents

Accidents aren't a pleasant subject, but two ladies, who enjoy a Mother-in-Law - Daughter-in-Law reationship had their fill, because of Alma.

Neither of the ladies were directly involved, other than having cars smash up in front of their respective homes, and their homes are only a few hundred feet apart.

Mrs Apolonia Dec, of Salem Street had a car skid into her yard Tuesday afternoon, during the raid, and her daughter in law, Mrs Pauline Dec, had a repeat performance, Wednesday morning, when a car skidded in to her front yard.

The thing that distressed the ladies (other than the accident, of course) was that, typically, they considered their hair to 'be a mess' while telling the police what had happened.

\$430 Abatement

There has been a story circulating in town for the past couple of weeks about how the people in San Francisco who do not like the All Number Calling, on telephones, are getting back at the telephone company by sending in their checks with an overpayment of three cents.

The IBM machines, the story alleges, is unable to take care of overpayments, in book-keeping, and the telephone company gets all fouled up.

Perhaps it is just wishful thinking, but we have a somewhat similar story about the new bookkeeping machine recently installed in the Town Hall.

It seems it overcharged Raffi & Swanson \$430 on the water bill - and at the same time the machine balanced up, so that the operator did not catch on that there was a mistake.

One of the Raffi & Swanson girls called the town hall about the astounding bill, and the error was discovered.

Last Thursday the Water Commissioners solemnly abated \$430 from the Raffi & Swanson water bill.

WATER DEPARTMENT ORDERS 'NO WATER' FOR HATHAWAY ACRES EXTENSION

A. P. Rounds, Developer of Hathaway Acres, and the Wilmington Water Department have come to a seeming impasse, on the question of water supply for the latest part of his real estate development.

The impasse is over a two inch water main, on Carson Avenue, a road already accepted by the town.

It is used as a connector to the six inch main on Marie Drive, and the six inch main on Hathaway Road.

From the six inch main on Hathaway Road Rounds and the Water Commissioners have agreed to have installed an eight inch main in the new section, which eight inch main it is hoped will eventually reach Salem Street through the Esquire development - if that one is ever completed.

Meanwhile the Water Commissioners want to ensure that a break in the watermain on Hathaway Road won't endanger the new development, by making the Carson Avenue rain also of six inches - at Rounds' expense.

Mr. Rounds cannot see the idea, and is consulting his attorneys.

The Water Department has ordered 'No Water' for the new development without a Six Inch Main on Carson Avenue'.

And there the matter stands.

JOE SLATER TICKS OFF TRAILERS

Joseph Slater, member of the Planning Board, Tuesday-night, counted, for the other members the sites of trailers in Wilmington, being used as homes, and in his opinion being illegally used.

Mr. Slater counted over half a dozen such trailers.

ESQUIRE ESTATES DEVELOPMENT PURCHASED BY PEABODY MEN

The undeveloped portion of Esquire Estates, on Salem St. in North Wilmington, has been purchased by two Peabody residents. The area involved is probably about 15 acres.

Messrs Scribner and Pearson of Peabody were at the Planning Board meeting Tuesday evening to learn what they could of their prospects for extending the housing in the area.

Among other things they were advised to meet with A. P. Rounds of Stoneham, owner of the contiguous Hathaway Acres development.

LETTER

Aug. 24, 1962

Dear Larz:

After reading this week's article about the condemning of the appointment of the new school custodian, it made me feel better - that someone besides you has enough guts to condemn the TM openly. Some of the 'do nothing' Selectmen seem to condone him on everything he does, right or wrong.

I want you and the public to know that we (School Custodians and Janitors-Ed) did make a protest although very feeble.

We had a meeting of the custodians (a majority was present) and it was agreed unanimously by all present to draft a letter to both the Board of Selectmen and the TM. Enclosed are copies which we mailed to both.

We had agreed to sign these copies, but when the time came only 5 signatures appeared. The others were afraid of losing their jobs or something. So it was agreed to cut off the signatures and mail the letters anyway. They were signed, if I remember right, 'We of the Maintenance Dept' and mailed.

Shortly after receiving his copy the TM printed up a form and had one of the members take it around for signatures.

I asked who knew about the letter, who was in favor of it and who was in favor of the TM using his own discretion, etc. Only 4 members had enough guts to sign, that they knew about the letter and were in favor of it, when actually it was the majority who knew of the drafting of it. That killed out protest.

I just had to write to let you know how we felt. Please do not print my name, for obvious reasons.

Yours truly
(Name Withheld)

April 7 1962

Board of Selectmen
Town Hall, Wilmington Mass.

We, the following, wish to have it go on the record that we request the Board of Selectmen to protect our seniority rights as to any future appointments in the School Maintenance Department.

The opportunity to select the job should be offered first to the regular man who has the most seniority.

If the man with the most seniority refuses this job, then it should be offered to the next most senior man and so on down the line until it is finally filled.

If none of the full time men want this job then it should be offered to the part-time men based strictly on seniority.

If neither the full time or the part time men want this opening then it can be offered to an outsider.

Sincerely yours,

UNITED PRESBYTERIAN CHURCH BURLINGTON, MASS.

Rev Richard G. Douse BR 2-9383

This Sunday, September 2, 1962, we are welcoming Mr. & Mrs. Douse and their family, back from vacation. We are certain that the congregation, members and visitors alike, will be happy to extend the hand of greeting to them, after the service. For his sermon subject, Mr. Douse has chosen 'Watch Your Step'.

Our regular summer worship service at 9:30 AM, will be held at the Wildwood School, Rt. No 62, Francis Wyman Road and Bedford Street. We are fortunate and grateful to be able to use these school facilities until such time as our own Church can be built on Cambridge Street Rt. No 3A, at the intersection of Rt. No 62 Wilmington Road. During the summer, there is no Sunday Church School, although a pre-school class is conducted during the worship service, by Mrs. John DiGiorgio. A nursery, for infants and young children is provided also, under the supervision of a registered nurse.

Until the minister's return on September 2, 1962, anyone interested in more information concerning the Church or assistance in any way, is asked to call Mr. James Williams, Clerk of Session. BR 2-4315.

MECHANICS SAVINGS BANK READING, MASSACHUSETTS INVITATION FOR BIDS

The Mechanics Savings Bank of Reading, Mass., will receive sealed proposals for alterations and additions to their building at 386 Main Street, Wilmington, Mass.

Proposal shall be based on the work to be completed in strict accordance with drawings, specifications and other documents prepared by Hutchins & French, Architects, 11 Beacon Street, Boston, Massachusetts.

The proposals, in duplicate, together with the drawings, specifications and other documents loaned for estimating purposes shall be delivered to the President of the Bank at the main office, 643 Main Street, Reading, Mass., not later than 3:00 P.M., on Thursday, September 27, 1962, at which time they will be publicly opened and read.

Plans, specifications and other documents may be obtained at the Architects' office, upon due notice of the intent to prepare a proposal, and the deposit of Fifty Dollars (\$50.00) in cash, or a certified check in that amount, payable to Hutchins & French, which deposit will be refunded within three days after delivery of the proposal and the return of the documents in satisfactory condition.

Bidders taking the documents and not submitting a proposal will have the deposit refunded less the cost of reproducing the documents. Bidders wishing additional sets may obtain the same at the cost of reproduction and upon agreement to return them to the Architects in good condition before the time set for the receipt of the general contract proposals.

General Contractors' proposals shall be fully completed upon the forms provided and in accordance with the 'Instructions to Bidders'. The proposal shall be accompanied by a certified check or bid bond by an approved surety company payable to the Mechanics Savings Bank in the amount of at least five per-cent (5%) of the proposal. All such deposits, except those of the three lowest responsible and eligible bidders, will be returned within three days after the time set for the receipt of the proposals. Remaining deposits will be returned upon the execution and delivery of the contract agreement and bond, or if no award is made, then at the expiration of thirty days after the time set for the receipt of these proposals, unless forfeited by failure to sign the contract as herein provided.

A surety bond, by a company approved by the Bank, and in an amount equal to the contract sum will be required to guarantee the faithful performance of the contract and the payment of all obligations for labor and materials required thereunder. The cost of this bond shall be included in the proposed sum.

The contract shall be signed and the bond furnished within seven days after notification of the award of the contract. In case of failure of the bidder, after such notification, to sign the contract and furnish bond, the owner at its option may determine that the bidder has abandoned the contract. Thereupon the proposal and acceptance shall be null and void, and the owner shall be at liberty to make other contracts with other parties for the work as the owner sees fit. The deposit accompanying the abandoned proposal shall become the property of the owner and shall be retained as liquidated damages and full compensation for all loss, damage and delay caused the owner by the failure of the bidder to sign the contract and execute the bond within the time aforesaid.

All principal and such minor sub-contractors as listed in the Contractor's proposal form shall deliver, to the Architects, copies of all bids sent to the General Contractors.

Each bid shall be accompanied by a certified check or bid bond by an approved surety company payable to the Mechanics Savings Bank in the amount of at least ten per cent (10%) of the proposal. The bids shall be in sealed opaque envelopes plainly marked on the outside with the name of the project and the bidder as well as the names of those General Contractors to whom the bid is delivered.

All such bids shall be in the possession of the Architects and delivered or mailed to the General Contractors by 2:00 P.M. on Friday, September 21, 1962.

The names of these sub bidders who have filed their bids will be sent to the General Contractors bidding on the project. No bids of sub-contractors other than those included in the Architects' list shall be used by the General Contractor in his proposal.

It is the intention of the owner to award the contract to the lowest qualified and responsible bidder, but the Bank reserves the right to reject any or all bids and to award the contract to the bidder deemed best for the interest of the Bank. No bids shall be withdrawn for a period of thirty days subsequent to the time set for their receipt without the consent of the Bank.

Plans and specification may be seen at the Architects' office, the Bank, Dodge Reports, Gailey's Construction Newsletter and Master Builders Association.

**MAJOR JOSEPH BEATON
AT CAMP DRUM, N.Y.**

Joseph P. Beaton, teacher and baseball coach in Wilmington High School is taking part in the current summer training at Camp Drum, N.Y., as a Major in the 418th Engineer Brigade.

Major Beaton holds a post in S-1, in a provisional group engaged in an exercise involving an Aggressor Force which has established a beachhead stretching from Canada southward to Portsmouth N.H. In his position he is constantly confronted with personnel problems due to casualties from conventional and nuclear weapons, and in his new military concept he is further concerned with insurgency problems of a simulated civilian population.

Major Beaton is a veteran of World War II, who earned 8 battle stars in the European Theatre of operations, beginning with the African campaign with the 817th Aviation Engineers, and continuing on thru Italy and France. He has, to date, 21 years of military service and intends to continue.

He is a graduate of Northeastern University and received his Master's degree at Boston University.

Major Beaton will return home Saturday.

TO BE VETERANS HOUSING TENANT**

Staff Sergeant Neil Knowlton, USAF, attached to Hanscomb Field, Bedford, has been voted by the Wilmington Housing Authority to be the next tenant at the Veterans Housing Project, on Wildwood Street.

Sgt. Knowlton, who is also a Navy veteran, is due to retire in the near future. He was one of half a dozen candidates for the existing vacancy.

Chairman Eddie Forrest stated after the meeting that he was opposed to giving out-of-town veterans a preference when local veterans had applied, as, he said, was the case in this instance.

WATER IS FINE FOR SWIMMING

The water at the beaches at Silver Lake is fine, according to Public Health officer Ernest Romano, who tested both last week and this week.

Baby Beach, last week tested 39, and this week 3.9, in bacterial count, and the Town Beach, last week tested 43 and this week 93.

Any test below 100 is excellent, and not until the count gets up to 2400 do public health officers close a beach for swimming.

**BLACK WANTS ELECTRIC LIGHTS
AT CAMP FORTY ACRES**

Camp Forty Acres, now powered by an old US Army generator, will have electric power from the Reading Municipal Light Department, if Selectman Charles Black gets his way.

Black spoke up to say that the North Wilmington Youth Camp now has a telephone, due to the kindness of the New England Tel & Tel Co., but still cannot get power for electric lights. He spoke at the Selectmen's meeting Monday night.

Black pointed out that the Electric Company would have been glad to serve the place, which is quite isolated, but could not, when it learned it would be going into Wilmington. 'I think we let them (The Reading Municipal Light) get away with murder on Lowell St. (for Avco) Black said.

Selectman John Brooks instructed the Town Manager to call the Light Company right away.
